

Le Golf "Old Course"

[1]

The Golf Old Course of Mandelieu is a must: original, in the fabulous setting, century-old pine trees, by the water's edge.

A golf domain unique in France, three courses adopted at each level of play.

The "Old Course" offers a surface of 74 hectares planted with 4,000 pine umbrellas and attracts 45,000 players per year. Crossing the Siagne River in a ferryboat during a game represents a unique feature of this course; in winter, the sea breeze blends with the essence of pine and mimosa leaving an unforgettable perfume floating about. In this beautiful setting, the divine is reached by the magnificent Norman-style Club House, very well under the shade of the large pine umbrella which has dominated the roof through the centuries.

Old Course Golf is one of the most popular golf courses in Europe and remains the Nr. 1 French golf course with more than 50,000 visits per year. [Nike Sneakers](#) [2]
