

## Riviera Golf de Barbossi

[1]

Deployed over 5461 metres (Par 71), the 18 hole course of the Barbossi Riviera Golf course alternates between technical difficulties, strategic challenges and tactical choices, while preserving intact, from start to finish, the pleasure of playing and walking.

The Barbossi Riviera Golf course has a special atmosphere right from hole 1 which provides a very pleasant starting point enabling players to ease their way into the course gently. Hole 8 deserves a special mention as the prettiest hole of the course: the raised tee cut into the rocky hillside, the Riou river running along to the left of the fairway and the very attractive approach to the green make this Par 4 hole a superb spectacle.

Play continues serenely until hole 9, which with its vine scenery on the left, finishes off the first part of the course gently. The second stage of the course sees the rhythm accelerate with technical and aesthetic details which culminate beautifully on the triumphal drive of hole 18, in

front of the sumptuous Club House.

The RIVIERA GOLF of BARBOSSI is an open-air museum!  
A permanent exhibition of contemporary sculptures on  
the route and at the Restaurant.

Georges Boisgontier, Max Cartier, Jean-Claude Fahri,  
Christian Glace, Gérard Le Roux, Christian Maas, Nel,  
Patrice Racois, José Sacal, are all famous sculptors whose  
works mark the course of the Riviera Golf de Barbossi.
